Profile

Starting with a foundation in the arts and a strong interest in technology, I completed a full stack development boot camp with UCLA edX, where I acquired skills in both front-end and back-end technologies. This education equipped me with the tools needed for designing and implementing modern, responsive web applications. Now as a full stack developer, I am ready to bring my technical proficiency and enthusiasm for developing innovative web solutions to collaborative and forward-thinking projects.

Work Experience

Bracket

March 2024 - Current

Full Stack Web Developer

- Utilized TypeScript React to create a streamlined web application in the front end.
- Developed a SQL database for the back end to ensure a full fledged user management system.

Tiffany & Co.

November 2021 - September 2023

Client Advisor

- Managed client profiles, ensuring accuracy and confidentiality of sensitive information.
- Provided elevated luxury sales experience, fostering client retention.
- Oversaw complex orders, ensuring high standards were met without escalation.

SameDay Health

December 2020 - September 2021

Client Advisor

- Prepared testing site, ensured equipment readiness, and managed patient check-ins.
- Maintained cleanliness, biohazard protocols, and HIPAA standards for a safe testing environment.
- Scheduled appointments, monitored team performance, and managed client profiles with accuracy.

Skills

- Front End Skills: HTML, CSS, SASS, Javascript, jQuery, OOP, Node, Express, Handlebars, React, MERN stack, Typescript
- Back End Skills: Node, Express, REST, SQL, NoSQL, APIs, Python, C#, Java, AWS, GraphQL
- Programming Skills: OOP, Computer Science, MVC, Git, Powershell
- Language Skills: Studying Japanese for 10 years with a JLPT N4 Certification and currently going for a N3/N2 Certification

Education

UCLA edX - Full Stack Developer Bootcamp
